

OSH India Awards 2026
Application form: Excellence in Safety Technology & Innovation

Award category	Description
Excellence in Safety Technology & Innovation	Recognizes organizations that have leveraged technology, digital solutions, automation, artificial intelligence, analytics or engineering innovations to enhance workforce safety, health, risk management and operational resilience.

Sub-Category (Please choose one)	
☐	Construction & Infrastructure
☐	Manufacturing & Industrial Operations
☐	Technology and Services

Eligibility criteria
1. Organization operational in India for at least 1 year as of 31 March 2026. 2. Measurable safety, health, risk management or operational resilience impact must be demonstrated between 01 April 2024 – 31 March 2026. 3. Safety technology, digital solution, automation, AI, analytics or engineering innovation must be implemented and operational during the eligibility period. 4. Initiative must be fully implemented and operational; ideation-only, development-stage or pilot-only solutions are not eligible.

Important rules for participation
1. All questions must be answered. Incomplete forms will not be evaluated. 2. If a question is not applicable, please mention "Not Applicable". 3. Responses should be supported with relevant evidence wherever applicable. 4. The final eligibility of the nominees is subject to the applicable Terms & Conditions.

Applicant information (For correspondence) *			
Name of Applicant (should be the authorized signatory)		Designation	
Mobile Number		Email ID	

COMPANY GENERAL INFORMATION*

Company Information	Details
Name of the Organization (same will appear on the trophy)	
Date of Incorporation (DD/MM/YYYY)	
Registered Office Address	City: _____ State: _____ PIN Code: _____
Corporate / Group / Parent Company (if any)	
Company Website	
Total Employees and Users / Employees Covered by the Solution	Total: _____ Covered: _____
Total Sites / Locations and Sites Where Solution is Deployed	Total: _____ Deployed: _____
Contact Details	Telephone: _____ Email: _____

CASE STUDY

Answer all questions in a *maximum of 250 words each*

(Mention details implemented between 01 April 2024 – 31 March 2026)

Particulars	Details
Name of the Initiative (<i>in not more than 50 words</i>)	
Please mention the date when the initiative was launched (DD/MM/YYYY)	
Please mention the end date of the initiative (DD/MM/YYYY) / Ongoing	
Technology / Solution Type (Select all applicable)	☐ Digital Solution ☐ Automation ☐ Artificial Intelligence (AI) ☐ Analytics ☐ Engineering Innovation ☐ Other: _____

- 1. How is the safety technology or innovation aligned with the organization's safety, health, risk management and operational resilience priorities? Please describe the key**

challenges, hazards, risks or operational needs that the solution was designed to address.

2. How was the technology or innovation implemented and adopted across the organization? Please describe deployment, integration with safety processes, user adoption, stakeholder engagement, training, governance and change management mechanisms supporting implementation.

3. What makes the solution innovative or distinctive? Please describe the technology, design, automation, analytics, AI, engineering approach or methodology that differentiates it from conventional safety practices.

4. What measurable improvements have been achieved through the implementation of the technology or innovation? Please describe outcomes related to workforce safety, health, risk reduction, incident prevention, operational resilience, user adoption, scalability and long-term sustainability of results, including relevant baseline or before-after indicators wherever available.

Supporting Documentation:

Maximum 5 pages/slides per supporting document.

Please Mention the Supporting Documentation Provided Along with the Application

Please mention the supporting documentation provided along with the application

S. No.	Document Name	Description	Attachment
1	Incorporation / GST Certificate*	Proof of organization registration	Upload File
2	Company Profile*	Overview of operations, workforce and safety risk profile	Upload File
3	Technology / Solution Overview / Technical Dossier*	Detailed description of the solution, objectives, technology type, implementation approach, functionality, deployment scale, measurable outcomes and relevant supporting evidence	Upload File
4	Any Other Supporting Documents (Optional)	Additional evidence supporting the application	Upload File

DECLARATION BY THE APPLICANT*	
I declare that the information provided in this application form is true, accurate and complete to the best of my knowledge. I agree to abide by the rules and regulations of participation.
